A message for you about
pipeline safety

WARNING

Gas Pipeline

**Know what's below.
Call before you dig.**

IN EMERGENCY CALL

662-356-4250

**CALEDONIA NATURAL
GAS DISTRICT**

NOTICE TO CUSTOMER

**Notice pursuant to Department of
Transportation Regulations 49 CFR 192.16**

(1) Caledonia Natural Gas is required to inform you that buried gas piping from the gas meter to the structure or gas utilization equipment is the responsibility of the homeowner to maintain.

(2) If the buried pipe is not maintained, it may be subject to the potential hazards of corrosion or leakage.

(3) Buried gas piping should be—

(i) Periodically inspected for leaks;
(ii) Periodically inspected for corrosion if the piping is metallic; and

(iii) Repaired if any unsafe condition is discovered.

(4) When excavating near buried gas piping, the piping should be located in advance by calling 811, and the excavation done by hand.

(5) Caledonia Natural Gas (if applicable), plumbing contractors, and heating contractors can assist in locating, inspecting, and repairing the customer's buried piping.
